

The Impact of COVID-19 on Oncology Practices and How They Are Adjusting

March 26th, 2020

Discussion tips:

- All lines are muted
- We will save a few minutes after each session for questions.
- Please submit your questions via the Chat box. (See your webinar task bar.)
- Any questions that are unanswered, due to time constraints, will be answered on the COVID-19 listserv. See <https://communityoncology.org/coronavirus-covid-19-practice-resources-and-protocols/> to participate in these discussions.

THANK YOU to:

- Ted Okon, COA
- Sibel Blau M.D., & Amy Ellis, Northwest Medical Specialties, Washington State
- Jennifer Pichoske, Hematology Oncology Associates of Central New York, New York
- Alti Rahman & Susan Wagner, Oncology Consultants, Texas
- Dennis Zoet, Cancer & Hematology Centers of Western Michigan, Michigan
- Jen Ewing, Michiana Hematology-Oncology, Indiana

Ted Okon, Executive Director
Community Oncology Alliance

Issues We Are All Over

- **Senate stimulus bill #3**
 - Sequester relief in 2020
 - Provisions to help small businesses (practices)
- **Clarification on telehealth provision**
 - NPs
 - New patients
 - Reimbursement (facility versus non-facility)
- **Stop prior authorizations**

Free for all health
care professionals
